

**DOING GOOD
FOR THE PLANET**

www.ecosoulife.com

Our Mission

Is to create a more sustainable world by designing eco-friendly products that promote a safer and healthier environment. With our passion to preserve nature and it's many life forms, we have endeavoured to replace everyday oil based disposable and reusable plasticware with modern sustainable alternatives.

We are an award-winning Australian brand that aims to inspire an ever-growing environmentally conscious global network.

Why EcoSouLife?

We are one of the fastest growing manufacturers of bio-degradable household and outdoor tableware products in the industry, now available worldwide.

We are driven is to educate individuals about current environmental issues and deliver ecological product alternatives to replace harmful plastics.

**Being eco-conscious not only comes from our Soul,
it's our way of Life**

From areca nut leaves, sugar cane, bamboo, corn starch, rice husk and more, we offer products in nearly every available range of biodegradable technology! No other company comes close to the breadth of selection we offer and our lineup continues to expand. All of our certified products are designed and manufactured to be safer for you and safer for the planet.

The Materials

COMPOSTABLE WITHIN 90-180 DAYS*

Made of naturally-fallen Areca Nut leaves from India, these are washed, dried and formed through a high-heat mould press to shape them into one of our many designs.

Our forests are untouched in the collection and production processes.

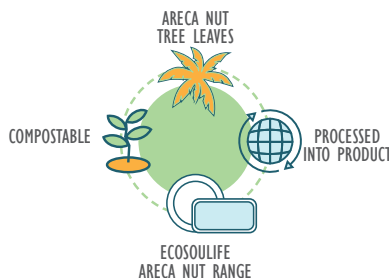

The villages collect these naturally fallen leaves and in turn protect the forest.

It is providing these villagers both an improved livelihood and also a better place to stay!

Before packaging, they are UV sterilized and then ready for the table.

We add no coatings or dyes, keeping these high quality, durable plates gorgeous, all-natural and compostable in under 13 weeks.

Features

*Actual degradation times may vary depending on environmental conditions.

Biodegradable & Home Compostable

Made from raw materials such as FSC-certified Birch wood, bamboo and sugarcane fibre. Replace ordinary plastic cutlery with this natural and sustainable wooden cutlery options. Unlike plastics or paper straws, the sugarcane straws are purely-plant based, eco-friendly and constitute zero waste to the environment. It is a guilt-free way of enjoying your hot/cold drinks. Our products are designed to biodegrade when buried or left behind in nature. The lack of oxygen, changes in weather and build-up of bacteria cause the reaction to begin.

Features

*Actual degradation times may vary depending on environmental conditions.

VICTORIA BANS PLASTIC

**THE GOVERNMENT
HAS CHOSEN THE PLANET,
THE CHANGE IS BIG,**

**SO
LET'S DO IT
TOGETHER!**

*Did you know that in one day we waste
enough bottles and cans to stretch over
4,000 km - that's the whole way
across Australia!*

**WE ASK YOU TO CONSIDER
ALL LIVELIHOODS
& ENVIRONMENT!**

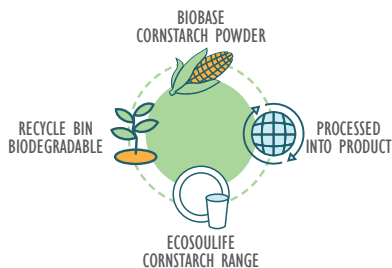

*Start the change
with saying no to plastic...
that's where we can help
Start with one single change
every day...*

Responsibly Farmed Bio-Based Cornstarch

This bio disposable collection is made from responsibly farmed natural cornstarch and biobased material. Featuring a wide range of disposable plates, cups, bowls and cutlery, it will start to biodegrade within 2 years*.

Features

*Actual degradation times may vary depending on environmental conditions.
